

Paediatric Emergency First Aid

Course Profile

This course is a fun and practical foundation in first aid that gives students the confidence to provide help to all ages of casualties

Duration

6 hours

Who is this course suitable for?

This course is ideal for anyone over 16 years old who require a good foundation in practical baby & child first aid skills eg at work, at home, at leisure

Students need to have the qualities and attitudes you would expect of a first aider who is looking after a baby or child who is ill or injured

Certification

This course leads to the award of an Emergency First Aider certificate on successful completion and is approved under the First Aid Regulations

There is no test at the end because your Trainer will use continuous assessment and coaching techniques throughout the course

What does the course cover?

- ❖ Role of an Emergency First Aider
- ❖ Assessment & control of situations
- ❖ Care of unconscious casualties
- ❖ Resuscitation (CPR)
- ❖ Minor & major bleeding (inc. shock)
- ❖ Choking
- ❖ Management of minor injuries
- ❖ Other subjects of interest to students
